

2-2026 Board Letter

A 'Thumbs Up' from your Board, and the Finance Team, regarding a ratified budget funding the 2026 initiatives has begun. This is our "Investment Year"--partnering with all of you to VITALIZE OUR REGION. Our initiatives start in spirit as ideas which we shape and form in our hearts with divine love and wisdom. Lastly, it will require our collective hands to harvest and put the ideas into action with our love.

Notice this month the increased Zoom support calls monthly. Our YFM Coordinator Cassidy Meeks has increased youth events for 2026 to pre-pandemic levels. Our Regional Representative and Outreach Coordinator is scheduling trainings throughout the region. A Key Leader one-day event in May is forming to reach a hundred+ lay leaders. AND, our new annual Dream Seed Rally Day fundraiser is scheduled for March 22nd; this, our newest team, will be the planting of our vision for more teens to attend our events and more ministries to start YFM programs!

"We will do even greater things."

These and even greater things will we do together this year. It is our time, our call to consciousness and action.

Right now, let us join as a whole region in prayer, our silent partner with action during a time of great confusion, violence and despair, in our cities and country. **"One Presence, One Power, God—We are One Family, One Heart; called to Peace, Love, Strength and Action. Divine Wisdom guides us now."** (See Rev. Peggy's Konkell's prayer letter.)

Right now, let us know together the courage to live and fund our greatest ideas.

Right now, let us prepare to take action.

Sincerely, your GLR Board of Trustees
