THE HUNTING

At dawn, after a hearty breakfast, we'll set out for the day's designated hunting grounds, located just 15 to 45 minutes from the lodge. Your expert guide, Emilio, will have already prepared the decoys and set up your double blind before sunrise. As the first light breaks, the action begins. Once you've reached your morning bag limit, we'll return to the lodge, where a delicious snack and a gourmet lunch will be waiting.

After lunch and a brief rest, we'll venture to a different marsh for another exhilarating duck hunt. Alternatively, you can opt for an afternoon of partridge hunting alongside our exceptional pointer dogs. The evening wraps up with drinks by the fireplace and another unforgettable meal.
