Privacy Waiver Authorizing Disclosure to a Third Party:

The ICE Form 60-001: Privacy Waiver Authorizing Disclosure to a Third Party

The form gives the Office of Congresswoman Schakowsky (or another third party like a lawyer) permission to request and receive information on your behalf, as our constituent. It allows the Office to request information about constituents when their case involves Immigration and Customs Enforcement (ICE) and Customs and Border Protection (CBP). The Congresswoman's Office takes your privacy and safety seriously and will NEVER request or share information about your case without a release form that gives us permission.

Families may opt to fill out the form in advance as part of their family preparedness and safety planning. The sections below with the red arrows must be filled out by the person at risk of ICE detention.

Therefore, we encourage the form to be completed in advance, as part of safety and family preparedness planning.
