

Our Story

INTEGRAL
HOSPITALITY

Integral Hospitality is a division of Integral Services Group. Introduced to the market in 2019 to bring to the Hospitality Industry service solutions that are designed to **address varied and specific needs of owners and operators**. It's at the forefront of providing **outsourced housekeeping staffing solutions and other cleaning programs** that can be custom designed to each hotel's needs.

Our Services

Outsourced Housekeeping Staffing

We have built a massive network of professionals and skilled workers over the years and we can help match you up with staff that are reliable and experienced. Regardless of the type of labour you need, **we** can help you find the right fit. Outsourced staffing allows you to streamline your operations, be more adaptable and respond quickly to market changes. Also with Integral Hospitality, you're guaranteed that we will provide staffing plans that are effective as well as efficient.

- **Supplemental Housekeeping**
- **Night Cleaning**
- **Adhoc Project Work**

Every program has the promise of quality, reliability and unmatched customer service.

Facilities Cleaning / Maintenance Services

There is no surface or texture that we can't handle, whether it be carpets, floor finishing and waxing, windows or tiles, we have the solution for you. We offer hot and cold water pressure washing to ensure the best approach every time and we slot into a schedule that suits your business needs. Dealing with unpredictable weather can cause strains to operations. With our expertise and specialized equipment, we can ensure that operations remain smooth all year round.

Surface Protection Program

Owners and operators in the hotel/ accommodation industry adopt protocols to ensure their facility is clean and safe for guests. The Integral Surface Protection Program delivers more efficient cleaning/ disinfecting operations, saving you time and money. Treating each of the surfaces in your facility with the ISP Program provides 24/7 protection meaning that in between each standard cleaning routine, surfaces are still safe from germs and pathogens.
