## COMMUNITY NEWS

Dear members and friends of CLC,

Many of you have been asking me and our Council members:

### **When do we plan to offer an indoor worship opportunity?**

After watching Orange County move into the Orange tier, with cases and hospitalizations now as low as they've been since last April and continuing to trend downwards, we have now agreed on a plan to carefully return to indoor worship.

#### **Our guiding priority is:**

To promote unity in the body of Christ while also mitigating health risks

We know of other congregations that have inadvertently let the divisions that exist outside the church enter into their decisions. The last thing we want to see is the kind of division that Paul called out in the Corinthian church when he saw people putting other things ahead of their unity in Christ. When we gather to worship, there is no "us" and "them." We are all one in Christ Jesus.

We know that the number of vaccinations in Orange County has directly contributed to lower hospitalizations and less serious cases.

We believe the most responsible and wise course of action is to let the number of vaccinations guide our timeline and help keep our county moving in the right direction.

Therefore, we have decided to continue our current outdoor worship schedule through the month of May so that all who desire to be vaccinated will have ample time and opportunity to receive both shots plus 14 days. We are more than happy to assist if you are having difficulty scheduling a vaccination appointment. Please call the office at 949-858-0307.

#### **New worship schedule begins in June**

- 8:30 am Outdoor Patio worship (eventually moving indoors as the summer heats up)
- 10:00am Indoor Worship (with Livestream)

All protocols will be followed as we take great care to mitigate risk through:

**Good ventilation:** including opening doors and using our HVAC air scrubber

**Following the consensus of public health officials for indoor gatherings:** including social distanced seating (unless with family or a close friend group), facial coverings, shorter duration of worship time, and careful attention to the amount of speaking and singing.

Serving with you in Christ,

Pastor Marty

## Property Council Report

It may be a little bit hard to distinguish the seasons here in southern California, however spring is here, which has brought an opportunity for some "spring cleaning" around the Church. On April 10th we held a Church clean-up day and were able to accomplish some general tasks around the campus, thank you to those who attended and helped. Bill Blume has volunteered to replace some decaying wood in the pergolas at the east end of the church and on the patio, thank you to Bill for your efforts!

There are still some items that need to be accomplished. Multiple light bulbs need to be replaced in the Sanctuary but their height is a bit problematic. We are exploring options to rent a scissor lift; if anyone has access to this or could provide hauling the lift from the rental location please let me or Julie know. Also, if anyone has ideas for any Church campus improvements or projects please don't hesitate to bring them forward.

In His service,

Kyle Kermoade  
Property Chair

It has been a long year of us not seeing much of each other. I began these Spotlight Behind the Scenes articles to help keep us all connected. But are you as amazed as I am to realize how many activities we are able to pursue thanks to so many wonderful members working behind the scenes? I admit I am impressed! "Awe inspired" is another word for it as I see God at work through so many and am just as heart warmed as ever to be a part of this wonderful church body at Community Lutheran!

It is with an especially big smile that I shine the spotlight on our High School Youth Leadership Team. They are: Tyler Kjar, Megan Hall, Andrew Hirschman, Hayley Hall and Marin Morgan. These dedicated high school students meet monthly to plan youth events and invite youth and friends to participate. You've seen them over the years assisting with things at church, like decorating the tables for Advent by Candlelight, serving up good food at the Easter breakfasts, working VBS and all sorts of other things. Some of you might remember their baptism or Confirmation. Well now they are in their own leadership role as they continue to spread God's Word and help Community Lutheran grow in the community! As I introduce them, I'll let them finish in their own words so you really can sense the connection and devotion of these delightful young members. Let's all keep them in our prayers as they continue their faith journey!

Tyler is a Junior at Trabuco Hills and he's been at CLC for as long as he can remember: I really enjoy just being able to come together and talk about things everyone enjoys and being able to help be a part of making a fun time for everyone around. My favorite service opportunity that I did was when I was little and helped plant the fruit trees along the wall in the parking lot. Some of my hobbies are playing volleyball but I also enjoy just playing any kind of sport with my friends and I enjoy watching sports and just being able to hangout with my friends in general.

Megan is a 9th grader at San Juan Hills High School: I have been at CLC for around five years, and I love being on this team because I can grow friendships with my teammates and we can all help with making our little corner of the world better! My favorite service opportunity we have had here is VBS. I love to teach all of the kids about God, because I didn't know much when I was their age and I would have loved to be in VBS at their age. My favorite hobby is playing the drums and my bass guitar. I also love crocheting and golf.

Andrew goes to Santa Margarita Catholic High School: From what I remember I've been going to CLC for about 10 years, It's been great to get to know and create more friendships on our team, It's also a great way for me to get out of the house and spend time giving back to the community with friends, My favorite service opportunity would definitely have to be VBS it's always fun to get to know new kids and give them a really fun week of their summer, A few hobbies of mine are playing video games, running cross country, playing tennis, and making vinyl stickers. :)

Hayley is in 11th grade at San Juan Hills High School and the older sister of Megan : I've been at CLC for about 6 years I think. I love how sometimes the team talks about completely goofy things, but can talk about serious things right after. We can talk about whatever we are feeling. My favorite service opportunity is VBS because I love getting to know the kids and watching them grow and learn throughout the week! They always start off a little shy but most of them open up by the end and it's super fun! My favorite thing to do are go to the beach, make jewelry, and hang out with friends :)

Marin is a sophomore at Trabuco Hills: I've been at CLC for my whole life. I've been baptized here and also confirmed here! The thing I love the most about being on this team is we get to all communicate our opinions on what we think and what we want to take place for our senior high. We get to plan things that we all find joy in doing like hikes, devotions, and many fun games! Probably one of my favorite service opportunities I've done at CLC is definitely VBS. I love getting to interact with all the kids of our church and get to take pictures so that these kids can have these memories of VBS for a long time. I love to paint and create things like scrunchies and necklaces. I also very much enjoy theatre and acting and singing in shows.

## Lent 2021 Project Results

### Laura's House Donation Drive

Thanks to the tremendous generosity of our congregation, I'm pleased to report the Lent donation drive for Laura's House domestic violence shelter was a complete success! Laura's House supplied us with a list of 16 items currently needed by the shelter and CLC came through with all of their needs. This included bath towels, bed sheets, pillows and alarm/radio clocks for every bed and all of the other items requested. Heidi and I were so excited to deliver the donation directly to their corporate office and donation center located in Aliso Viejo on April 8th.

Thank you for the continued blessings and support you share with our community!

# LAURA'S STORY

---

## *established 1994*

*"It was like the pattern you see in the movies, or you read about, that's the way it really was. I saw my mother bruised up one time before they were married and I asked her what happened. She said that it was her fault that they'd gotten in a fight. Then about four to six months into the marriage, it got to be about once every two weeks, and then it got to be about once every two days."*

*Todd – Laura's son*

In 1993, Laura, a Southern California mother of two, died at age 38. How that happened, exactly, perhaps only one man really knows. He was her second husband. He was alone with her in a vacation house one last time.

He told sheriff's deputies his wife hit her head on a coffee table. He told her son she bumped against a kitchen cupboard while reaching for a bottle of booze. He told paramedics she fell down the stairs, drunk.

Laura told the paramedics she would be fine, that her injuries were nothing really. Over the years, she had said that a lot. She did not want to go to the hospital this time either. And she would not say how she had been hurt.

On a hospital x-ray table, Laura died of respiratory arrest within what the coroner called "minutes to hours" of receiving the injuries she so readily dismissed.

On the morning that she died, Laura came to the end of a tragic syndrome; she was a woman who had lost nearly all vestiges of self-esteem. She was terrified of the man she lived with, yet paralyzed by the thought of a future on her own. She was a battered woman caught in a cycle of despair.

Laura's husband acknowledged to family and friends that he hit his wife. But he was never arrested for that crime. Laura's friends and relatives say her husband would

threaten her with worse if she complained. He had once ripped the phone from the wall. Still, Laura believed she could "handle things" on her own.

The autopsy report says two of Laura's ribs were freshly broken, her left lung collapsed. Her head was cut in several places, the slashes angled in different directions, with the most serious cut on her right forehead. Her brain was hemorrhaging. Her lip was split. Nearly every part of her body showed an injury of some kind, new and old. But the report concludes without answering the most crucial questions of all: "It is unknown how the injuries occurred," it says.

In their last conversation, Laura's mother says her daughter finally talked about contacting battered women's shelters. Unfortunately, she waited too long to make that call. Her headstone describes her simply as a daughter and a mother – but nobody's wife.\*

In 1994, local residents, including co-founders, Sandy Condello and Helen Kendall, called a town meeting in the city of San Clemente and asked for the community to embrace their vision of Laura's House. There was an overwhelming response from the community with support and funding. It was decided that the agency would be named in memory of Laura and with that Laura's House was born.

## Spring Boutique Wrap-up

What a wonderful day! The Spring Boutique was such a resounding success we will make this an annual event! We had fifty-five vendors, two food trucks and one radio station! We also had six sponsors, many volunteers and a large number of guests. As the community catches on, we can expect more with each event. Especially as people realize what a great assortment of vendors we have, what a lovely location we provide, and what a friendly happy day we create!

Thanks to the booth fees, sponsors, and the raffle, we've sent a check for \$2,221 to Laura's House! Everything we earned went to that organization. But we also helped others such as Monkey Business Cafe which provides transitional

housing and work for foster boys emancipating from the foster program and giving them a real opportunity to care for themselves as adults. Monkey Business Cafe has already said they will love to join us for future boutiques and other events! Air1 Radio, our local affiliate of KLOVE, is also excited to join us for future boutiques and other events. What's more, we connected them with Laura's House and now Air1 will provide some great advertising for the organization.

Other blessings include new friendships, new opportunities for our members, and a great opportunity for us to share our beautiful facility with our neighbors. Several of us canvassed the nearby neighborhood giving out CLC notepads and flyers and many of those residents came to the boutique! They told vendors they appreciated the invitation! This type of large-scale event can't exist without the help of all of you. Thank you so very much for all the ways you pitched in from providing a pair of hands that day to all the little things leading up to it like donating bottled waters and passing out flyers. It's all of us working together that makes this such a happy, friendly, all around fantastic event! Thank you!

**Save your Stuff (Seriously! For real! It's the Rummage Sale!)**

It's back! The Rummage sale!! It is time for Spring cleaning and decluttering! We will be collecting many kinds of items except for any kind of furniture that requires more than one person to lift and carry it. We will be collecting items in the church sanctuary beginning Monday, May 10th at 7:00 AM and throughout the entire week.

If you would like to volunteer to help collect, itemize and sell items, please email Josiah at [Josiahclcrsm@gmail.com](mailto:Josiahclcrsm@gmail.com)
