

The background features a dark blue field with large, overlapping organic shapes in orange and teal. A lighter blue rectangular area with rounded corners is positioned in the upper right, creating a layered effect.

Meet the 2024 Executive Board Applicants!

Voting info on the last page

Alex M

UW Madison - 2026

Applied for: Vice Chair

“Fundamentally, I think that the two best things I could help focus on to encourage student involvement are both bringing high value to SPTs and communicating that value in a way that attracts attention...As vice chair, I hope to assist the current chair in anything that they need and help be the “glue” that makes everything a bit more cohesive within the SSIG.”

Claire W

Bellin College - 2026

Applied for: Vice Chair

“My greatest hope in this position is to follow my predecessor’s footsteps and continue to build. Physical therapy strives on the concept of being a lifelong learner, and always seeking opportunities to better themselves. I yearn to be in a position that allows me to make every student physical therapist in Wisconsin proud of the community they belong to. I would advocate for not only the profession as a whole, but also for the strength of the profession within the state of Wisconsin.”

Jenna C

Concordia University - 2025

Applied for: Nominating Chair

“I anticipated and hoped that being involved in the APTA would allow for additional learning opportunities and help me to stay updated on current events happening in the PT profession...these things have proven to be true. Through my participation in Legislative Day and the Fall Conference, I have learned about the important hot topics in legislation affecting our profession...It is my hope that I can use my personal experiences with being an APTA member to help encourage other students to get involved.”

Cortney M

UW Stevens Point - 2025

Applied for: Secretary

“My plans include open, authentic, and frequent communication with our SSIG members via social media, program director contacts, and potentially email. My mission is to create increased student involvement, education, and value for the APTA. My goals include creating a schedule for virtual events, allowing involvement at a student’s convenience... My goal is to encourage all program directors and faculty to help aid in the student engagement of our profession.”

Vote!

Voting is open Monday January 8th through Sunday January 21st at 11:59PM. Follow the link in the post. One vote per person. Write ins are accepted.

**Only current APTA WI DPT/PTA
Students Members are eligible to vote.**
