

January 29, 2020

Dear Community Partner,

Students and staff across Johnston County are preparing for the annual Special Olympics track and field competition scheduled for Thursday, April 2 and Friday, April 3, 2020. Each year, participants join together and compete for ribbons and medals to show their brave attempt at various events tailored to fit the strengths of students with physical and cognitive disabilities.

I'm writing to ask your company to consider sponsoring our SSS athletes. Donations may include any amount of monetary donation to go toward athlete event t-shirts. We would also love donations of snacks or lunch items for our athletes and student volunteers. We are expecting about 50 SSS student-athletes and over 100 SSS student volunteers. Sponsors will be recognized on the event t-shirts.

SSS Marketing students will be reaching out and following-up to confirm/request your support. Donations may be made out SSS and items may be dropped off with Mrs. Astoske (please coordinate item drop off by phone or email). Sponsorships are due Friday, February 28.

I hope to hear from you soon, and thank you in advance for considering our request.

Sincerely,

Amanda Astoske, Business/Marketing Teacher
