

MITZVAH MOMENTUM

AT HOME CHART

The Saiman Family
PO Box 843
Bala Cynwyd, PA 19004

Dear Kohélet Family,

Welcome to the launch of our new K-8 mitzvah program, Mitzvah Momentum! Through this program, students will focus on a specific mitzvah each month to practice at school and home. At school, we will discuss the halachot associated with each mitzvah while introducing ways to practice the monthly mitzvah in the classroom. The special mitzvah for November and December is Chessed. For our at-home component, we invite you, as a family, to focus on a family-chessed to complete together. Over this weekend, please consider how your family can practice the mitzvah of Chessed. Chessed ideas include calling friends who were sick and missed school, signing up to deliver groceries with JFCS, or visiting the elderly. Then, write down your decided family chessed in the 'Mitzvah of the Month' section of this sheet. Once you have completed your family's goal, please send this form back to school before winter break! Finally, as part of the Lianna Saiman Kindness Project, we encourage each family to write a letter to the Saiman Family, sharing the Chessed your family completed and its impact. We are excited to see all the mitzvot of our school community both inside and outside the classroom!
