Dear NCC members:

Thank you so much for your incredibly generous donation of $4000 to the East Lyme Giving Garden. We are, in a word, stunned!

As we shared with you today, we are a small organization with a tremendous mission to provide high-quality nutrient dense food to those people in our community who are faced with food insecurity. Our goal is to use sustainable growing methods that build and feed the soil and at the same time create highly nutritious and delicious food.

This past year, the Garden grew and donated over 14,000 pounds of food to our local soup kitchens! We simply could not have done this without good people like you. We sincerely appreciate your gift and support for this important cause.

We so enjoyed meeting you and the many folks from your church today. We consider this donation to be a true blessing!

With much gratitude,
