

HiVE TESTIMONIALS

HERE'S WHAT OUR PAST ATTENDEES HAD TO SAY...

"This conference was the perfect blend of people, exhibitors, place and cost! Everything was in one place and very easy to walk to and from. The hotel was beautiful and set up perfectly for a smaller conference like this one. The content of the conference was both relevant and educational. I feel that I had the opportunity to grow in my profession as a result of attending the session I did! Thank you!"

"I thoroughly enjoyed my time at this conference! The speakers were engaging and entertaining, and the content was both relevant and significant. I returned with numerous ideas to implement in our practice. The venue was clean and comfortable, the food was fantastic, and the special events offered new experiences and a refreshing change of pace. I can't wait to attend the next HiVE conference!"

"I had never attended a HiVE CE event before. I found out about it and decided to give it a try. The HiVE Practice Management was an incredibly valuable experience. I left feeling more confident in my role and equipped with actionable strategies to improve a few different areas of our practice. I highly recommend the HiVE Practice Management event to any practice managers looking to grow professionally and elevate their practice."

"This was a great experience filled with a mixture of well-being, communication and skill-related courses. The fact that the classes allowed people from the Vet Nurse+Tech and Vet Management to attend all classes was a big factor in choosing this event as most in the veterinary field wear multiple hats. The social allowed for building relationships and learning from other attendees. I will definitely go back for the next one."
