### **FAMILY FUN-AT-HOME ACTIVITIES**

#### **VIRTUAL EGG HUNT**

Show us your best egg! We are encouraging kids and their families to visit [cityofsanmarino.org](http://cityofsanmarino.org) to download and print an [egg-coloring sheet](#). Simply decorate your egg and share your artwork on Instagram #sanmarinorec. Participation is easy, place your decorated egg in a street facing window for others to find.

#### **BEAR HUNT**

While hangouts and play dates are out, bear hunts are in! Across the USA, and the world, neighbors are participating in “Bear Hunting”. Inspired by Michael Rosen’s 1989 children’s book “We’re Going on a Bear Hunt”, kids scavenger hunt for teddy bears during their social distance walks.

This turns bored kids into bear hunters on the lookout for cuddly critters and cutouts in the windows. Families can keep a tally of the bears found during their walks.

Participation is easy, place a teddy bear in a street facing window for others to find on their social distancing walks. Share your favorite bear finds for friends to look out for on their bear hunt. Residents who don’t have a bear can create their own by printing one out or craft their own.

## INDOOR SCAVENGER HUNT

### *Scavenger Hunt!*

Have fun with an indoor scavenger hunt! Search your home for the items listed and see how many you can find. Do any items have a special meaning or story? Share that story with your family! Share a photo with friends that are social distancing. Tell them your story in a phone call or video chat. Take a picture with your collection and use #sanmarinorec #funathome.

- A favorite book
- A stuffed animal
- 4 things that are blue
- A favorite toy
- Your favorite fruit

## FORT NIGHT FRIDAYS

Every Friday during safer at home, build a fort in with your family. Tag us in your post and include #sanmarinorec #funathome.

## VIRTUAL RECREATION WEBPAGE

We are proud to present this site for your use during these wild and difficult times.
