

BEYOND A THOWAWAY CULTURE: CARING FOR OUR COMMON HOME BY RECYCLING, REDUCING AND REUSING

Tuesday Evening, November 10, 2020 ~ 7-8:30 PM
Repeated Wednesday Morning, November 11, 2020 ~ 10-11:30 AM

Catholic Climate Covenant's Earth Day program calls upon us to live more faithfully and justly with all creation. Along with recycling, reducing and reusing, a key focus centers on how our overuse of single-use disposable plastics contributes to what Pope Francis calls "the throwaway culture."

St. Sabina Parish Green Team, along with the Faith Formation Program is offering a session called Beyond the Throwaway Culture. We join with The Catholic Climate Covenant's campaign to End Plastic Pollution (www.earthday.org/campaigns/plasticscampaign). From contributing to land and marine pollution to increasing our use of carbon-producing fuels, our reliance on single-use plastics has a devastating impact on God's creation. The good news is that we can solve this problem. We can all play a role in recycling and reducing plastic pollution and thus activate more fully our mission to care for our common home

This session focuses on how we can, both individually and collectively, address the problem of single-use plastic, along with recycling, reducing and reusing. By the end of the session, we hope you and your community will commit to using less disposable plastic and to participating in a the continual challenge to reduce single-use plastic. Join us on the Zoom session so that by working together we can align with and commit ourselves to Pope Francis's vision of Caring for Our Common Home.

"All of us can cooperate as instruments of God for the care of creation, each according to his or her own culture, experience, involvements and talents."

(Pope Francis, *Laudato Si ~ On Care for Our Common Home* #14) Read it [here](#)

Sessions will be co-facilitated by
Biagio Mazza,
Pastoral Associate,
St. Sabina Parish,
and members of
the Green Team.
