

# First Semester Round-up

## NATIONAL JUNIOR HONOR SOCIETY OFFERS OPPORTUNITIES TO SERVE

Our National Junior Honor Society (NJHS) focused on the pillar of service this past semester, hosting a supply drive to benefit refugees as well as a food drive to benefit the community. The NJHS also hosted a taco bar and game night for prospective members. Congratulations to our NJHS Members.

## PARTNERING WITH PARENTS...CURRICULUM NIGHT AND PARENT-TEACHER-STUDENT CONFERENCES

Keeping parents involved and informed is a key priority for our school community. On Aug. 26, parents had an opportunity to meet with teachers and learn about the 2021-22 school year expectations and curriculum. Our eighth-grade Student Ambassadors played an important role helping at the event. In addition, parents, teachers and students met together for conferences on Oct. 20 and 21. This year, we invited parents to give our school a first-quarter report card to help our school community identify strengths and weaknesses as a way to better serve our students.
