I recently returned from Eagles Summit Ranch (ESRTX) in Texas. We finished one of the best couples sessions ever! Military couples' marriages were salvaged and redeemed with a closing ceremonial renewal of marriage vows. It was beautiful!

Today, I'm at Eagles Summit Ranch (ESRCO) in Colorado. We are preparing for upcoming programs scheduled for active duty and veterans' retreats, as well as married couples sessions.

Yesterday, we hosted local pastors for a breakfast and planning session for future summer events here in the Westcliffe community. I'm also speaking in three churches this week in this area of Colorado.

As I sit in these beautiful Colorado mountain surroundings and write, memories of past programs run rampant through my mind. Amazing memories of thousands of warriors who came through these ranches and found peace, reconciliation, and reconnection with the nation for which they so valiantly sacrificed much of their lives and limbs.

**TRAGEDY TO
TRIUMPH
PODCAST**
WITH DAVE ROEVER

As the nation becomes involved in war again in the Middle East, I wonder when “boots on the ground” will be required to secure the peace we pray will come.

We are ready on all campuses to accommodate the broken lives that could ultimately need healing and peace.

Peace.

So elusive.

War.

So distracting. Yes, distracting.

It makes one wonder what we are missing as our eyes focus on the symptoms and not the cause.

What evil intent is so prevalent that our attention must be captivated by the sleight of hand keeping us preoccupied from what is really taking place in the spiritual realm?

War, economics, fraud, politics, corruption, false doctrines, violence, sexual depravity, gender confusion, UFOs/UAPs... all symptoms! The real issues are more deadly than imaginable.

Vice President Vance noted that “he finds it more plausible that unidentified sightings are spiritual forces, such as guardian angels, angels, or demons, rather than intelligent life from other planets.”

That kind of thinking is what I’m referring to. While people are looking to the sky, maybe we should be looking to the heavens. Are we on the brink of another apocalypse? Has the earth become so corrupt that the ultimate rebellion is to infect the human race through gender manipulation until God says, “ENOUGH IS ENOUGH!”

Please read Genesis 6:12 KJV.

Now is not the time to relax and let our guard down.

The Roever Foundation is not on the cutting edge... WE ARE THE CUTTING EDGE!

I believe that SPIRITUAL WARFARE is truly the real war we are fighting. Our weapons are not carnal. They are spiritual!!

We are faith-based and teach spiritual truths. We put on the full armor of God!

Not the M-16, but the John 3:16!

Today, our warriors are found on university campuses and in high schools as public speakers. They tour military installations teaching spiritual lessons and preach in churches. They are pastors, evangelists, missionaries, chaplains, Homeland Security agents, and more! We are a force to be reckoned with!

While the world is in a free fall and corruption is leading the nations down a path of severe judgment, God is preparing warriors for His return. We strongly believe our mission is eternal.

The whole world changed on September 11, 2001. Spiritual warfare broke out virtually worldwide. I ministered in 14 countries throughout the Middle East to all branches of the military.

I've seen the world in chaos from Vietnam to Iraq. My 79 years on this planet have given me a baseline of experience to measure the state of the earth today as opposed to yesterday. That which is filthy is becoming more filthy, and that which is holy continues to be holy.

The lines are drawn in the sands of time and... it's running out.

Our mission is clear. Our purpose is declared. Our battle is righteous. Our blood-bought victory is secure. Our destiny is our destination. We have overcome!

WOW! WHAT A RIDE!
