

List of I-Pad Apps: Elementary

	<p>Virtual Manipulatives A virtual set of fraction bars</p>
	<p>GeoBoard Geoboard is a tool for exploring a variety of mathematical topics introduced in the elementary and middle grades. Learners stretch bands around the pegs to form line segments and polygons and make discoveries about perimeter, area, angles, congruence, fractions, and more.</p>
	<p>Number Pieces Number Pieces helps students develop a deeper understanding of place value while building their computation skills with multi-digit numbers. Students use the number pieces to represent multi-digit numbers, regroup, add, subtract, multiply, and divide.</p>
	<p>Fraction, by the Math Learning Center Visualize and explore fraction models. Fractions lets students use a bar or circle to represent, compare, and perform operations with fractions with denominators from 1 to 100. Choose the fraction model and number of equal parts. Use a color to select specific parts to show a fraction of the whole. Reveal or hide numeric labels as needed. Superimpose fractions upon each other to compare fractions or see equal parts.</p>
	<p>GeoGebra An interactive geometry, algebra, statistics and calculus application, intended for learning and teaching mathematics and science from primary school to university level</p>
	<p>Number Line, by the Math Learning Center Number Line helps students visualize number sequences and demonstrate strategies for counting, comparing, adding, subtracting, multiplying, and dividing. Choose number lines labelled with whole numbers, fractions, decimals, or negative numbers. Or use a blank number line, with or without tick marks.</p>
	<p>Prodigy Math Game Prodigy allows for practice of math skills for Grades 1 - 8, Prodigy is the perfect game for mastering mathematics both at home and at school.</p>
	<p>My Math Flash Cards App My Math Flash Card App is for mastering basic elementary math facts.</p>
