World of Alkebulan is a multifaceted ministry that looks at parenthood as a state of consciousness with the opportunity to evolve into evaluated levels of cognizance. This state of being exists in the knowing that it takes a village to raise a child into a mature Spiritual Being with the awareness of their predestined divine assignment. We seek to create ministries, groups and committees that will develop the focal points needed to open parents, community members and our youth to their Best Selves ... their higher selves.

The following list is a starting point for parent and youth program development:

Youth Ministry – a regional and national overarching group that oversees all youth activities.

Alkebulan Inspirational Sunday Team – The group that facilitates Sunday service via Afrimentals which are spiritual, mental and emotional vitamins wrapped up in a cultural container. The conversations are on a level that youth can understand ... to provoke deeper thinking, connecting emotionally, and empowering them spiritually; preparing them for the world they live in today. **(Service is livestreamed)**

Mentoring Elders – a regional and national group of the community elders who seek to be mentors and participate in various areas of youth group life to share experiences and impart wisdom and insight when needed. This ensures that the liberation of African people is a multi-generational experience.

WOA Saturday Academy - A team of retired and current educational facilitators that asset with the academic needs of students via tutoring online or in person. This can also include College Prep, African History classes, African Spirituality classes, Black Reality/Conscious conversations sessions, BCN basis broken down for the ages from 8 to 18 and financial literacy courses as well as vocational training. (Online live streamed courses will be shared with Bila Kuta)

College Student Support Group - This is a national and regional group that creates the web of relationships with the nation's collegiate scholars and their parents during their years seeking higher education. It will also serve as a means for the college students to support each other in their journey.

World of Alkebulan Stream Team – This team will be trained on all things emerged in the art of social media marketing, live streaming and podcasting i.e. photography, graphics, video recording and editing.

World of Alkebulan Robotics Team - "The mission of our youth robotics team is to inspire young minds to explore science, technology, engineering, and mathematics (STEM) through direct learning and teamwork. We aim to develop critical thinking, creativity, and problem-solving skills by designing and building innovative robotic solutions. Our team fosters collaboration, leadership, and a passion for continuous learning, while promoting values such as respect, integrity, and community engagement."

WOA (World of Alkebulan) Urban Farming – Young hands cultivating land – Developing a generation of Beulah Land farmers is essential to the growth of our community. Starting them in urban gardens and establishing Beulah Youth Farming weekends is a great opportunity to install:

- Sustainability and Environmental Awareness
- Food Security and Nutrition
- Science Education
- Social skills
- Mental health and Emotion Well-being
- Connection to Nature
- Economic Awareness
- Problem solving

Alkebulan Arcadia Gaming Society (in partnership with PlayerPlayer.net) – an entrepreneurial and fund-raising component that brings Esports to the P.A.O.C.C. (all ages welcome) Integrating Esports into our youth program offers the participants the following benefits:

- Promotes Teamwork and Collaboration
- Enhances Strategic Thinking and Problem-Solving
- Develops Technological and Digital Literacy
- Encourages Discipline and Goal Setting
- Builds Self-Esteem and Confidence
- Fosters Community and Inclusion
- Potential Scholarship and Career Opportunities
- Boosts Academic Skills
- Teaches Sportsmanship and Ethics
- Encourages Creative and Innovative Thinking

WOA Community Service Coordinators - Engaging in community service fosters a sense of belonging and unity among residents. By working together to tackle local challenges, individuals develop stronger bonds and connections with their neighbors, leading to a more cohesive and supportive community.

WOA Rites of Passage Program – The overarching World of Alkebulan program is being developed to reflect a large-scale Rites a Passage Program but to truly cultivate the development of a child we also need a more extensive approach the African version of an adolescent rites of passage initiative can give.

In the ABCs of a communities planned parenthood we will:

Assemble, Build, Collaborate, Design, Enhance, Facilitate, Generate, Invest, Lead, Maintain, Oversee, Prepare, Reclaim, Supervise, Train, Uplift, and Validate all that is needed to have Alkebulan kids manifest their Best Self.

This will:

- Develop a cultural Identity, Pride and a divine purpose
- Create Positive Self-Concept and Empowerment
- Initiate Character Development and Accountability
- Foster Mentorships and Role Models
- Enhance Life Skills
- Entice Academic and Career Motivation
- Prepare them for Community Engagement and Civic Responsibility
- Stabilize Mental and Emotional Health
- Implement a Support Network for Future Growth
- Usher in the Awareness of the Science of Becoming

World of Alkebulan will partner with and support the Alkebulan Alumni National Summer Camp program and as well as any adult focal point group that can use our help and expertise.
