

Your Are Cordially Invited To Attend Connecting with Metro

Sponsored by
Metro's Contractor Development and Bonding Program

Metro actively works to expand contracting opportunities for **Disabled Veteran Business Enterprises** through its **DVBE** Program. We recognize veterans' service to our country and their leadership here at home as business owners whose dedication and hard work help fuel a robust local economy. Our Metro Contractor Development and Bonding Program is designed to expand your contracting opportunities and support you in successfully bidding on projects.

In this session, you will learn how to enroll in Metro's Contractor Development and Bonding Program, learn how to qualify and obtain bonding for Metro's projects, and hear about DVBE contracting opportunities and capacity building resources. In addition, you will learn about veteran services to help your business.

Tuesday, August 24, 2021
4:00 PM— 5:30PM
