

Ice-Skating ... a Family Favorite

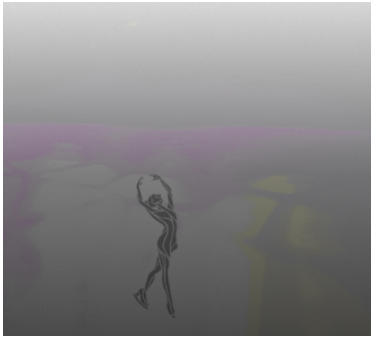

LA Kings Ice at Pickwick Gardens, Burbank

Ice Skating ... a favorite seasonal pastime for the whole family. Who can resist fun on ice ... from donning the skates and trying to keep your feet under you - to hockey - to figure skating ... the holiday season spotlights the joy of this winter sport. The San Fernando Valley has several ice-skating rinks for everyone's enjoyment. The majority of these facilities offer lessons, hockey team sports, and party celebrations.

Other ice rinks in the Valley include the Iceland Ice Skating Center in Van Nuys, the LA Kings Valley Ice Center in Panorama City, Woodland Hills on Ice in Woodland Hills, and several others. Additionally, the city of LA is in escrow to buy land in Reseda along Sherman Way to build a new ice skating and roller hockey facility. This is being built as part of the revitalization of the Reseda Town Center and is a \$25.7M project.

If you enjoy ice shows, the LA Kings Ice at Pickwick Gardens has one for the holiday season. For ticket information, please click the QR code below.
