

PUT YOUR FAITH INTO ACTION

Please Support Southern California Wildfire Response

High winds and drought conditions combined to accelerate the growth of wildfires that have devastated communities in California. Places of worship, businesses and homes have been heavily damaged. Mass evacuations and widespread power outages have affected hundreds of thousands of people. Episcopal Relief & Development is offering technical support to partners in California who are being affected by the devastating and fast-growing California wildfires.

Supporting the Wildfire Response Fund will help people affected by the impact of wildfires. To make a donation, please scan the QR code or fill out the coupon below and mail it in with your check or credit card information.

Episcopal Relief & Development partners with faith and community organizations to advance lasting change in communities affected by injustice, poverty, disaster and climate change. Inspired by our faith, we focus on four interconnected priorities: nurturing the potential of caregivers and young children, reducing violence against women and girls, strengthening communities' resilience to climate change and facilitating humanitarian response to disasters.

Episcopal Relief & Development

Working Together for Lasting Change

Each year, Episcopal Relief & Development facilitates healthier, more fulfilling lives for more than 3 million people around the world struggling with hunger, poverty, disaster and disease. The organization works with Anglican partners to create long-term development strategies focused on delivering results in three signature program areas:
Women, Children and Climate.

Our work with Women focuses on helping communities promote the rights of women and children and move toward the vision that everyone deserves a life free from violence.

Our work with Children supports and protects kids under six so they reach appropriate health and developmental milestones.

Our Climate-related work focuses on how families and communities can work together to adapt to the effects of rapidly changing weather patterns.

In addition, our **US Disaster Program** offers critical resources and training to help people prepare for disasters and provide emergency support so vulnerable communities can make a full and sustained recovery.

Enclosed is my gift to the Global Needs Fund to assist those who are in need.
