

## Partnering and Communicating Together (PACT) Let's Stop HIV Together

The Centers for Disease Control and Prevention (CDC) and NHMA, along with other national organizations representing the populations hardest hit by HIV/AIDS, are partners in the PACT program. Through a collaborative approach, PACT Members assist in achieving the goals of the National HIV/AIDS Strategy for the United States (NHAS) by reducing new HIV infections, improving health outcomes for individuals living with HIV, and reducing HIV related disparities. PACT Members utilize their distinct viewpoints in creating a wide range of communication, mobilization and outreach activities.

The *Let's Stop HIV Together* campaign (formerly known as *Act Against AIDS*) includes resources and partnerships aimed at stopping HIV stigma and promoting HIV testing, prevention, and treatment. *Let's Stop HIV Together* empowers communities, partners on the ground, and health care providers to reduce stigma among all Americans, prevent HIV among the hardest-hit populations, and help people with HIV stay healthy.

### ***Let's Stop HIV Together Fact of the Month***

Effective HIV prevention and treatment occurs across a continuum of care. This comprehensive approach spanning from HIV screening to treatment can help reduce new HIV infections and improve health outcomes among people with HIV (PWH). The CDC HIV Nexus is a one-stop location for information across the HIV continuum, including up-to-date tools and guidelines for your practice, and educational materials for your patients.

Check out the new website: <http://bit.ly/NHMAHVNexus>

### ***Announcements***

NHMA is seeking healthcare providers that treat Hispanic/Latinx patients with HIV/AIDS to create a short (1-2 min) video on the importance of HIV prevention/treatment and how you treat your minority patients living with HIV. If you are interested, please sign up here: <http://bit.ly/NHMAHIVVideoSeries>

## **Upcoming Events:**

### ***Twitter Chat: National Latinx AIDS Awareness Day***

Tuesday, October 15 at 1:00 PM ET
