## Year End Giving: Make a Difference in Your Community

At this time of the year when we take the opportunity to think beyond our own circumstances, please remember the older adults in our communities. A gift to AgeOptions will help us and our community partners provide vital programs and services for older adults and people with disabilities – resources like home-delivered and congregate meals, caregiver support, in-home services, transportation, adult protective services and assistance enrolling in benefits like prescription assistance and SNAP, which makes it possible to afford nutritious food.

**Your gift shows you care about the community and our older friends, relatives and neighbors. You will help provide resources and options that enable them to live with dignity.**

Make your year-end gift through either of these options.

See our profile in the Wednesday Journal's  
Season of Giving special sections.

Season of Giving is a campaign organized by Wednesday Journal and the Oak Park River Forest Community Foundation to encourage local charitable giving during the holiday season. The campaign is based on the principle that, similar to shopping locally, when you donate to local nonprofits, your money goes to work in your own neighborhood.
