VOLUNTEERS NEEDED FOR RESEARCH STUDY. Family Dynamics and Influence in Dementia Care (FDI-DC)

We want to learn from: Family Member of a Person with Dementia

We want to learn:

- how the availability of family members influenced the type and level of dementia care over time.
 - how the COVID-19 pandemic impacted family dynamics and dementia care.

Are you eligible?

- : A family member of a person aged 65+ with dementia who received diagnosis at least one year ago
- Participants will be asked to complete the following
 - : One 5-minute written questionnaire
 - : One 45 min in-depth interview session via a phone or video call
- Participants will receive:
 - : \$35 compensation after completion of questionnaire and interview
