

## **We're excited to offer Sunday morning services live via Zoom**

If you've never used Zoom before, here's what you need to know:

- 1) Download the Zoom app to your phone or computer. It's free. Click here: [\*\*https://zoom.us/download\*\*](https://zoom.us/download) Typically this is very easy to do, but don't wait until the last minute to do this, just in case you run into some hurdles. You want to download/install "Zoom Client for Meetings." You can also install the app on your phone if you search for Zoom in the app store.
- 2) If you want to "practice", we've set up a trial run on Saturday at 11:00 AM. Use this link for the trial run on Saturday: [\*\*https://zoom.us/j/169926245\*\*](https://zoom.us/j/169926245). We'll do our best to talk you through the basic use of Zoom at that time.
- 3) We'll be hosting service at our normal time (9:30) Sunday morning. Use this link for the Sunday morning service: [\*\*https://zoom.us/j/197986920\*\*](https://zoom.us/j/197986920).
- 4) If you don't have internet access, you can still call in and listen to the service. Here is the call in information for Sunday morning's service.  
**Dial 646-558-8656**  
**It will ask for the meeting ID. The meeting ID is 197 986 920**
- 5) We'll be recording the Sunday morning service and will send out a link for viewing later if you're not available at that time or if you have issues connecting.
- 6) We will try to troubleshoot any technical issues during the trial session on Saturday. However, we won't be able to do any troubleshooting Sunday morning.
- 7) It's very important that everyone limit their background noise during virtual services. You can either simply limit all background noise, or the preferred option is to mute yourself on Zoom.
