# Message from the President

March is National Women's History Month!

It started with the Education Task Force of the Sonoma County (California) Commission on the Status of Women in 1978 to address the lack of women's history in the K-12 curriculum. As a result of their work, the week of March 8<sup>th</sup> (International Women's Day) was selected as Women's History Week in Sonoma County. The idea grew, and then...

- In February 1980, President Jimmy Carter issued a presidential proclamation declaring the Week of March 8<sup>th</sup> National Women's History Week.
- In 1981, Representative Barbara Mikulski and Senator Orrin Hatch co-sponsored a Congressional Resolution for National Women's History Week.
- In 1987, Congress declared the month of March as National Women's History Month in perpetuity.
- A special Presidential proclamation has been issued yearly to honor women's extraordinary achievements in the US.

In honor of National Women's History Month, the topic for the March branch meeting is women's activism, an issue that is of great interest to all of us. Please join us at the Balcones Country Club on Wednesday, March 12.

We are also continuing fund-raising efforts to endow the AAUW Austin Centennial Scholarship at Austin Community College. As of the end of January 2025, we have raised \$10,590.44 from 34 individual donors. Thanks to all who have donated. We are still short of our target of \$15,000, so please help us reach our goal. Information about donating is included later in the newsletter on page 8.

As we begin seeing bluebonnets along the side of the roads here in Central Texas, we know spring is around the corner. In our uncertain political climate, it's good to de-stress: enjoy the view, smell the flowers, and spend time with friends and family. After all, the connections we make bring joy to our lives. Remember that AAUW Austin Branch is all about connections – bringing like-minded women (and sometimes men) together to learn, connect, and put our heads, hands, and hearts together to help those women and girls who need a helping hand. As I was looking for quotes about giving, Google's AI found these, and they touched my heart:

*"I have found that among its other benefits, giving liberates the soul of the giver"* - Maya Angelou

*"We make a living by what we get, but we make a life by what we give."* - Winston Churchill

*"The simplest acts of kindness are by far more powerful than a thousand heads bowing in prayer."* - Mahatma Gandhi

Happy National Women's History Month!

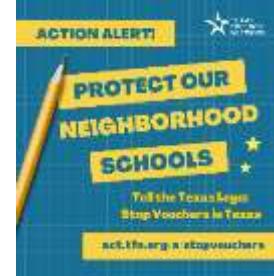

## Policy Update from the Public Policy Committee

Submitted by Public Policy Chair Anita Knight

Are you following the state AND federal governmental activities: people, policies, protests?

Congressman Lloyd Doggett advises we **LITIGATE, LEGISLATE, and MOTIVATE!** to overcome the threat of Project 2025 and the extreme right wing.

1. Branch members received an email on February 17 with a CALL TO ACTION to oppose the “voucher”/ESA bill in Texas. That is a timely priority.
  - Other priorities are the abortion ban and Medicaid cuts.
  - There are more bills to track: censorship, child care, elections, gun violence, climate, and BUDGET
2. Texans don’t have to agree on every abortion question to know that pregnant patients deserve the best care and doctors deserve respect. Texas legislators should fix Texas’ abortion laws so they reflect our shared Texas values. If you have not already signed a postcard, “[It’s Time to Fix the Texas Abortion Ban](#),” sign on here. TX Impact is managing a state-wide postcard campaign, and it hopes to present thousands of these postcards to our state representatives this spring.
3. Congressional decisions about Medicaid have enormous implications for Texas. Medicaid is a major health insurance provider for Texans, covering about half of all births in our state. In addition, changes to federal Medicaid formulas could rock our state budget, impacting other areas of state government.

Please take a minute to call your US representative and senators and urge them not to cut Medicaid. You can call them through the US Capitol Switchboard, and you don’t even have to know who represents you (although I hope you do). Call 202-224-3121, give the operator your zip code, and they will connect you with your elected official’s office.

4. Texas State Representative Brian Harrison has filed House Bill 2572, which would prevent taxpayer money from going to the American Library Association (ALA), which he claims has become “radicalized.” Harrison also called the ALA “one of the most anti-parent, anti-Texas organizations.”
5. Bills introduced by Republicans in the Texas Senate would require the Ten Commandments to be displayed in public schools and allow schools to carve out time for students to read the Bible. This is the latest effort by lawmakers in states to infuse religious doctrine in public education.

*Don’t forget our AAUW Legislative Day, March 17, 2:00 - 6:00 p.m.  
at the Capitol. The focus will be on public education.*

## What is DEI?

We hear much about Diversity, Equity, and Inclusion (DEI) these days, and much of what we hear in the media is nonsense. Here are some DEI descriptors. Understanding what DEI is and isn't will help us have more thoughtful and persuasive conversations about the term's meaning and usefulness.

### Some of What DEI Is

ramps and sidewalk curb cuts  
subtitles & captions (TV & phone)  
family restrooms  
changing tables in men's restrooms  
breast feeding/pumping stations & accommodations  
floating paid holidays  
pay equity & transparency  
parental leave (time & pay)  
coming back to a job after birthing a child  
not having to just accept harassment  
work accommodations for a variety of disabilities  
flexible work arrangements  
size inclusive chairs and beds in medical facilities  
belt extenders on planes  
covered mental/behavioral health resources

various food options for vegetarians, vegans, kosher, gluten-free, etc. at medical facilities  
non-smoking areas/end of smoking indoors  
being able to have medical professionals and your co-workers use your preferred name (just queer people have those)  
wellness programs and incentives  
more relaxed & inclusive dress code policies  
rooms to pray/meditate at work & other public places  
employee recognition programs  
employee/network resource groups  
large print materials  
materials in different languages  
multiple religious options at hospitals  
accessible bikes and public transit accommodations  
businesses not becoming fully cashless

### Some of What DEI Is Not

hiring an underqualified person for a job just because they're a person of color  
hiring based on race to meet diversity goals (this is illegal)  
a new fad or buzzword. DEI work has been going on for many, many years, under different names

# Advocacy - How to Share Your Story

Submitted by Mary Ellen Scribner

As the 89<sup>th</sup> session of the Texas Legislature gains momentum, we are all concerned about many issues being considered for new laws in our state. We want to make our voices heard, both pro and con, but are unsure how to do so. When people think of advocating for their ideas, they think of convincing arguments based on data, facts, and figures. However, studies show that if you share a story, people are often more likely to be persuaded. And when data and story are used together, audiences are moved both intellectually and emotionally. Your story and my story, combined with the stories of others, can be very persuasive. Once you have written your story, you can use it in various ways by modifying its format and length: in an email to a legislator, in a letter to the editor of a newspaper, and, very importantly, as written or live testimony to a committee hearing. Keep these professional storytelling tips in mind:

- Situate your story in the context of the larger issue.
- Keep your story tightly focused and avoid tangents.
- Tailor your story to your audience.
- Motivate your audience with hope.

## WHY TELL YOUR STORY?

- Effective Advocacy: stories foster connection between people, help them understand an issue, and motivate people to become advocates.
- Individual Empowerment: storytelling recognizes and elevates your expertise as someone with direct experience with an issue.
- Influence Public Narratives: storytelling ensures that there is a diversity of voices in public debates. Stories can also combat negative rhetoric and stereotypes.
- “Stats Tell; Stories Sell”: Policymakers respond to a combination of data with a creative, human narrative that resonates with the wider public.

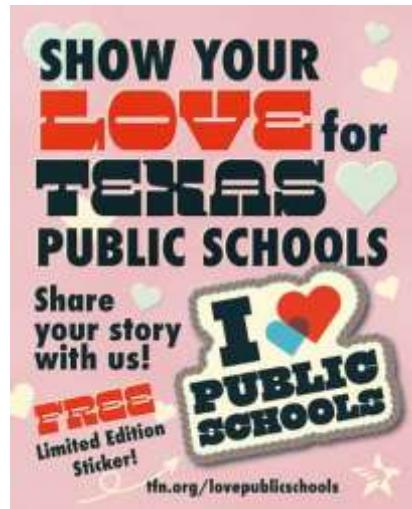

## HOW TO CRAFT YOUR STORY

1. What is the issue I want to address?
2. What is the purpose of my presentation? Do I want to persuade, inform, etc.?
3. What powerful examples do I have that I am willing to share?
4. What creative wording or “hook” will I use to get my audience’s attention?
5. What outcome would I like for my audience?
6. What is my call to action?
7. How will I close?

Adapted from [ACLU Iowa How to Tell Your Story](#)

The Texas Freedom Network is seeking stories from teachers, students, parents, and community members who have been positively impacted by public education. They will share the stories you submit on their digital channels, website, and email platforms throughout the 89th Legislative Session!

You may go to the TFN website and share your story. As a thank you for sharing your story, TFN will send you a limited-edition "I ❤️ Public Schools" stickers in the mail. Click [SHARE YOUR STORY](#) to access the online form. You may also visit their Facebook page [HERE](#).

# March is Women's History Month

The theme for Women's History Month in 2025 is "Moving Forward Together! Women Educating & Inspiring Generations." [The National Women's History Alliance \(NWHA\)](#) chose this theme to honor women's education, leadership, and mentorship contributions.

Goals of the 2025 theme:

- **Recognize:** Celebrate the achievements of women who have inspired and educated others
- **Inspire:** Encourage future generations to pursue education and leadership roles
- **Educate:** Raise awareness of the importance of women's contributions to society

## Why is this theme important?

Women have been at the forefront of educational change, from classrooms to boardrooms, grassroots movements, and global initiatives. This theme is especially important when equitable and inclusive education is more critical than ever.

## Named Gift Nominations

It's time to send in your nominations to honor members' contributions to the branch and AAUW.

### Named Gifts

Each year, members of the Austin branch are selected to be honored as recipients of "Named Gifts." We think of our colleagues who have, for example:

- Held a position for the branch and exceptionally completed duties,
- Led a project,
- Served over time in multiple roles,
- Represented the branch to other groups in an outstanding manner or
- Always said, "Yes."

At this location, you may copy a [Nomination Form](#). If you prefer, it is acceptable to make nominations by explaining your support of the nominee without using the form. Please send submissions by **April 1, 2025**, to **Linda Welsh** at [lawelsh@gmail.com](mailto:lawelsh@gmail.com) or by mail at 2023 Cervin Blvd., Austin, TX, 78728.
