

How Inclusion Works

Monday, Nov. 18, 2019

6:30 PM – 8:30 PM

**Middletown
High School North**

The Middletown Friends of Diverse Learners (MTFOdL) is proud to welcome an expert from the **New Jersey Coalition for Inclusive Education (NJCIE)** to discuss Inclusion. This presentation is open to all parents, educators and community members who want to learn what high quality inclusion looks like.

NJCIE is a twenty-five year old nonprofit organization that supports inclusive efforts in about fifty school districts annually. NJCIE supports all students with disabilities and provides free parent consultation. The presentation will focus on where we are with inclusion across the state, steps other districts have taken to become more inclusive, and to how those approaches might translate to Middletown.
