CHURCH HELPS NEWCOMERS TO THE USA

Western Oaks Church of the Nazarene in Oklahoma City, Oklahoma, USA, received a U.S. Citizenship and Immigration Services grant in partnership with Oklahoma City University and the Legal Aid Service of Oklahoma.

The grant will help fund scholarships to those seeking certification for Teaching English to Speakers of Other Languages, and allow the church to provide free naturalization legal work for those completing classes. Join the Western Oaks Church in thanking God for this opportunity, and give thanks for a church that reaches out to its neighbors. In addition, pray that lives will be enriched spiritually and that holistic transformation will take place through the church's efforts. SAMARIA PROJECT

MISSION: To help our Kansas District churches and parsonages that are in need of volunteers and supplies to update and repair their facilities.

Thank you for helping MP Naz and Larned churches with their facilities on April 27.

KANSAS DISTRICT WORK & WITNESS TEAM TRAVELING TO GUATEMALA MAY 24 - JUNE 2

Adults and youth from five Kansas District churches are traveling to Guatemala to build a soccer field.

The soccer field will be used to bring young people into the local church and allow them to evangelize and disciple the youth. Since youth love soccer, the church will be able to reach those that would not normally enter a traditional church.

Pray for our Work & Witness team:

RELAUNCH OF REYNOLDS MEMORIAL HOSPITAL

In January 2019, Reynolds Memorial Hospital (RMH) in Washim, India, announced a relaunch of the hospital and its affiliated clinics with the Church of the Nazarene's greater mission. The hospital, originally established in 1938, offered medical services to people of all ages, regardless of caste and creed, serving with the love and compassion of Christ. Over time, RMH established clinics in distant towns and villages and added a nurses training college. Give thanks for the ministry of the hospital over the years and for this relaunch. Please pray as the hospital strives to fulfill its mission. Leaders request that Nazarenes around the world pray for a committed medical team and for a developmental leadership team for the hospital and nursing college. They also request prayer for the community in and around Washim. For more information: <http://www.nazarene.org/article/reynolds-memorial-hospital-starts-new-chapter-through-partnerships>
