COVID-19

SCEMD LEGISLATIVE UPDATE

March 18, 2020

The South Carolina Joint Information Center, ESF-15, is fully activated supporting the Department of Health and Environmental Control. All public information related to COVID-19 is now available at scemd.org and in the SC Emergency Manager mobile app, which is in “Emergency Mode.” Information includes the continually updated information from DHEC, links to the CDC, the state Department of Insurance, links to telehealth services, school information. The homepage of scemd.org will be updated as new information becomes available. Some additional links and information are also provided below.

PROCURING MEDICAL RESOURCES AND SUPPLIES

If you receive calls from hospitals, EMS, medical first responders, and other medical providers asking about the procedures for requesting resources or supplies during the Covid-19 emergency response, please advise them to take the below steps, in the order stated.

1. Ensure suppliers routinely used cannot meet the request.
2. Utilize any mutual aid agreements that are in place.
3. Request assistance through their local healthcare coalition.
4. Contact County Emergency Management (EM) Division to submit a resource request. If the County EM cannot fulfill the request, they must submit the request to the SCEMD Supply Unit. Afterwards, the SCEMD Supply unit will then task to the appropriate ESF (or other sources), or provide vendor information to the requestor.

Reminder: Payment for the fulfillment of the request is the responsibility of the initial requesting agency.
