Dear Colleagues,

On behalf of the City College Honorary Degree Candidate Selection Committee, I write to seek nominations for candidates for Honorary Degrees to be conferred at the **2023 City College Commencement**.

Candidates should have achieved distinction in an activity which is consonant with the mission of City College. These achievements may be extraordinary contributions to the Arts, Architecture, Education, Engineering, Humanities, Medicine, Sciences, Social Sciences, Technology, to name just a few areas. Or contributions to the public good, distinguished service to the City, State, Nation, or the World in an elective appointive or career capacity, or extraordinary service to City College. (Current members of the staff of The City University of New York are not eligible to be nominated).

I ask that you nominate in two categories: CCNY alumni/ae and non-CCNY alumni/ae.

Nominations consist of a letter to the selection committee and a biography of the candidate. The nomination file should contain sufficient detail to enable the selection committee to evaluate the candidate. Please note that nominations that just include the name of the candidate and a copy of their Wikipedia pages will not be reviewed. Electronic files are preferred. Please upload the nominations to this link: <https://www.dropbox.com/request/peT8mndg4tw9QmPa2sO4> and I will forward to the committee. (Nominations made previously do not need to be made again.)

Could I ask to receive nominations as soon as possible?

Sincerely,

David Jeruzalmi

David Jeruzalmi
