Senator Sarah Elfreth, Delegates Shaneka Henson, and Dana Jones joined County Council Member Lisa Rodvein, Alderwoman Rhonda Pindell Charles, and library officials today in opening the first of its kind community pantry at Discoveries: The Library at the Mall. The nearly 200-square-foot space in Westfield Annapolis will benefit residents and the organizations that serve vulnerable families. The pantry, which will be open on Saturdays from 10 am to noon, will offer diapers, wipes, personal hygiene, and menstrual products.

“We are excited to open this unique and much-needed service at Discoveries: The Library at the Mall,” said Library CEO Skip Auld. “The community pantry is another way that the Anne Arundel County Public Library is helping to build stronger communities—from the bottom up.”
