

DRRS (cont'd)

January has been full of excitement too. We had a great learning experience when Rabbi Wohl taught Morah Nava, Jacob and Morah Ellie's K-3 grade students about what the Torah says about caring for pets. Then we had a visit from David Morris' Nana, Bonnie, and her dog Honey. Wow, did we all have fun petting Honey and she loved the attention!

February is also jam packed. In early February, J-Craft is coming to visit with their Chocolate Factory to help us learn about Kosher foods. At the end of the month, our K-3 students are off to Giant to shop for Kosher foods. We are currently waiting to hear our date for our kids in grade 4-7 to go to Gary Rosenthal's studio in Bethesda to learn about how he creates his beautiful Judaic art and to learn about his Mitzvah program.

If you wander into KS on a Wednesday afternoon you will hear lots of Hebrew speakers as Rabbi Pohl, Morah Zip, Morah Lana, and Morah Ellie are helping our kids learn to speak Hebrew.

Please stay tuned because March is full of excitement too.

If you know of any families who are interested in learning more about DRRS and TOL please contact me at educationdir@gmail.com !
