

Igniting Breakthrough Improvement:

4-Part Virtual Series

Imagine realizing your vision of ensuring every family reaches their maximum potential.

Make that vision a reality. Join the HV CoIN 2.0 team and build your states capacity to ignite breakthrough change for all children and families in home visiting—across breastfeeding, early detection, referral and linkage to services for developmental risk and maternal depression screening, linkage and symptom reduction.

Please register for the series [here](#)

Come explore your colleagues' exciting results, learn about new and innovative resources, and hear how to join the growing national network of CQI champions.

Are you wondering how you can access these supports? Join us for our monthly "coffee breaks" (30-minute) virtual sessions to learn about:

1

January 22, 2020
from 1:30-2:00 ET

Breakthrough Benefits

In this session, you'll hear about the importance of spread work, ways to spread, and how Rhode Island's state MIECHV team and local implementing agencies are moving towards breakthrough change in maternal depression outcomes across the state.

Speakers: Cindy Phillips, Director, Division of Home Visiting and Early Childhood Systems, MCHB, HRSA, HHS; Marie Schall, Senior Director, Institute for Healthcare Improvement, Rhode Island's MIECHV awardees

2

February 19, 2020
from 2:00-2:30 ET

How You Can Achieve Breakthrough Benefits

In this session, Alabama and Louisiana state MIECHV teams share their journey from small scale CQI projects to running their statewide collaboratives—spreading tested interventions using the Breakthrough Series Framework and reaching breakthrough change with local agencies throughout their state.

Speakers: Alabama and Louisiana MIECHV awardees

3

March 25, 2020
from 1:30-2:00 ET

Innovations

In this session, you'll find out how New Jersey and West Virginia state MIECHV teams and local implementing agencies are igniting parent leadership in CQI—coproducing service improvements.

Speakers: Monique Fountain Hanna, Chief Medical Officer/CQI and Innovation Advisor, MCHB, HRSA, HHS; New Jersey and West Virginia MIECHV awardees

4

April 22, 2020
from 1:30-2:00 ET

What is Next?

In this session, we'll give you a sneak preview of our next wave of improvement and innovation topics and how to join this national movement! You'll learn how our support works, why this will work for you, and the flexible coaching, tools, and resources that you'll receive.

Speakers: Monique Fountain Hanna, Chief Medical Officer/CQI & Innovation Advisor, MCHB, HRSA, HHS, Mary Mackrain, Managing Project Director, HV CoIN 2.0 and video tips and lessons from participating awardees

Here's what MIECHV awardees from Cohort 1 are saying:

"HV CoIN 2.0 has let us make giant leaps in progress."

"Access to the Breakthrough Series Training from IHI is a huge benefit. It's so costly otherwise. It would have been inaccessible without HV CoIN 2.0."

"The one-on-one coaching has been invaluable."

"The guidance we received from HV COIN 2.0 was indispensable to our success as a state."

"Our work with CoIN has had a ripple effect...This work is getting attention in our state which will create goodwill for other QI projects."

"The technology is so helpful. It's a tool we wouldn't be able to build ourselves. We don't have that capacity without you guys."

We look forward to "virtually" connecting!

Only two more opportunities exist through 2022 to join HV CoIN 2.0's CQI movement. Participating in HV CoIN 2.0 has been proven to be effective. Get the support you need to bolster capacity and ignite breakthrough change for children and families.
