

2021-2022 School Year

## WELCOME to Westchester Lutheran Early Learning Center

With a developmental focus, we believe that play is the essential work of childhood, worthy of respect and encouragement. Our revised and renovated rooms and playyards provide a safe and engaging place for little ones to learn, explore, discover, and thrive. Experienced and educated teachers plan activities that encourage growth and development. Faith development is integrated into our program, including weekly chapel times for the preschoolers with Pastor Larry.

Welcoming children  
ages 6 weeks to 5 years and their families

## Infants

We accept infants as young as 6 weeks old. Our infants and one-year olds are lovingly cared for by dedicated teachers with a ratio of one teacher for every 3-4 children.

Our program is designed to meet the varying needs of the inquisitive infant and the very busy toddler. As well as taking care of the child's basic needs, we make sure each child is held, loved and talked to, involved in activities that stimulate the senses, and given scaffolding in moving to the next developmental level.

Parents supply all food, diapers, and formula for their children.

### Tuition

#### Five days

\$1600 per month  
(Monday - Friday)

#### Three days

\$1100 per month  
(Mon, Wed, Fri)

#### Two days

\$800 per month  
(Tues, Thurs)

## Toddlers

This room is for older toddlers who are ready for a new environment. Once children are very comfortable walking and become much more active and interested in the world around them, they need a little more structure and fun activities planned for them.

Sensory experiences, art exploration, and large and small motor activities are planned throughout the week to provide your toddler with a wide variety of learning experiences.

Toilet training is worked on in conjunction with the parents when the child shows signs of readiness.

## Two's

Two-year olds continue to develop their skills in thinking and talking. Language development is focused on, as the child learns to "use his/her words." Our teachers will help the children form good attitudes and make gains in social and thinking skills. A goal throughout the year is to help each child to become independent through teaching self-help skills. Creativity is emphasized through a wide variety of hands-on sensory experiences that are offered each day. Toilet training is worked on in conjunction with the parents when the child shows signs of readiness. Chapel Time is a part of our morning routine. A morning half day program (8:30am to 12:00pm) is available.
