NOW PLAYING

ARE YOU THERE GOD? IT'S ME MARGARET

95 mins | PG-13 | Drama/Comedy

Effervescent and refreshingly frank about the travails of puberty, this long-awaited adaptation does full justice to Judy Blume's seminal novel. Eleven year-old Margaret (Abby Ryder Fortson) is uprooted from her life in New York City for the suburbs of New Jersey, going through the messy and tumultuous throes of puberty with new friends in a new school.

BOOK CLUB: THE NEXT CHAPTER

97 mins | PG-13 | Comedy

The highly anticipated sequel follows our four best friends as they take their book club to Italy for the fun girls trip they never had. When things go off the rails and secrets are revealed, their relaxing vacation turns into a once-in-a-lifetime cross-country adventure.

BLACKBERRY

97 mins | PG-13 | Comedy

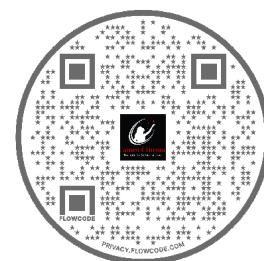

Seemingly overnight the three men revolutionize the way people work, communicate and connect. Celebrities, politicians and businessmen are now addicted to their Blackberrys. The company's value skyrockets, yet within a few short years shady business dealings, personal grievances, and, perhaps most dangerously, the iPhone, threaten the company's incredible success.

GUARDIANS OF THE GALAXY: VOL 3

150 mins | Rated PG-13 | Adventure

In 2012, having been lost for over 500 years, the remains of King Richard III were discovered beneath a carpark in Leicester. The search had been orchestrated by an amateur historian, Philippa Langley, whose unrelenting research had been met with incomprehension by her friends and family and with scepticism by experts and academics.

32 SOUNDS SCIENCE ON SCREEN®

97 mins | PG-13 | Documentary

"Bursting with humor, emotion and curiosity, **"32 Sounds"** is a uniquely mind-expanding plunge into a dimension of the human experience so many of us take for granted, a rare and rewarding sonic journey that can enrich our lives. Unless you're a musician, an audio engineer or an otolaryngologist (ears, nose and throat doctor), chances are, you don't spend much of your time reflecting on the miracle of sound. You will appreciate it differently after seeing ... hearing... **"32 Sounds,"** meticulously constructed as it is to pair relevant, enlightening visuals with a philosophical inquiry into all things audio."
