**"Of all the forms of inequality, injustice in health is the most shocking and inhuman." -Dr. Martin Luther King Jr.**

Racial disparities continue to persist in medical care due to institutional policies and unconscious bias. As people of faith and conscience, we honor the humanity of every human being; protecting one another's health is an important act of reverence. Join us on Zoom as we consider how to establish equality in healthcare and therefore, honor the human spirit as an interfaith community.
