<p>AB 71 Melendez R</p>	<p>Employment standards: independent contractors and employees. Current case law establishes a three-part test, known as the “ABC” test, for determining whether a worker is considered an independent contractor for purposes of specified wage orders. Under this test, a worker is properly considered an independent contractor only if the hiring entity establishes; 1) that the worker is free from the control and direction of the hirer in connection with the performance of the work, both under the contract for performance of the work and in fact; 2) that the worker performs work outside the usual course of the hiring entity’s business; and 3) that the worker is customarily engaged in an independently established trade, occupation, or business of the same nature as the work performed for the hiring entity. This bill would, instead, require a determination of whether a person is an employee or an independent contractor to be based on a specific multifactor test, including whether the person to whom service is rendered has the right to control the manner and means of accomplishing the result desired, and other identified factors.</p>			<p>4/26/2019 - Failed Deadline pursuant to Rule 61(a)(2). SB 135 Jackson D	Paid family leave. Current law prohibits an employer with 50 or more employees in a 75-mile radius to refuse to grant an employee a request to take up to 12 weeks of unpaid leave for family care and medical leave if the employee worked 1,250 hours in the prior 12 months. Current law includes within "family care and medical leave" the birth, adoption, or foster care placement of a child and the serious health condition of the employee's child, parent, or spouse. This bill would expand the scope of those provisions to instead prohibit an employer with 5 or more employees to refuse to grant an employee a request to take up to 12 weeks of unpaid leave for family care and medical leave if the employee had 180 days of service with the employer.			6/4/2019 - Failed Deadline pursuant to Rule 61(a)(8). SB 378 Wiener D	Taxation: estate, gift, and generation-skipping transfer taxes. Current law, as added by an initiative measure that was approved by voters as Proposition 6 at the June 8, 1982, statewide primary election, prohibits the Legislature or a political subdivision of the state from imposing any tax on or by reason of any transfer occurring by reason of death. Current law imposes a California estate tax, commonly referred to as the “pick up tax,” equal to a certain portion of the maximum allowable amount of credit for state death taxes allowable under applicable federal estate tax law. The Economic Growth and Tax Relief Reconciliation Act of 2001 phased out the allowance of this credit, and, as of 2005, no longer allows a person to claim a credit of this nature under federal law. Therefore, the “pick up tax” is no longer imposed in California. This bill would propose to the voters a repeal of the above initiative measure prohibiting the imposition of a tax on or by reason of any transfer occurring by reason of death and would propose the imposition of estate, gift, and generation-skipping transfer taxes, in modified conformity with federal law, on and after January 1, 2021.				3/26/2019 - Withdrawn from committee. The California Constitution specifies various transfers that are not deemed to be a “purchase” or “change in ownership” of a property for these purposes, including the purchase or transfer of a principal residence from parents to their children, or, under certain circumstances, from grandparents to their grandchildren, and the purchase or transfer of the first \$1,000,000 of the full cash value of all other real property transferred from parents or grandparents to their children or grandchildren.
