Food For Thought:

Food For Thought Food Bank announces a virtual fundraiser - **Give It Up!** Everyone is giving up a lot these days, in the name of social distancing for the greater good. But something no one should have to give up is healthy, nutritious food. Food For Thought's clients need help today more than ever.

Join the virtual fundraiser called Give It Up! Become a fundraiser and ask family and friends to donate in exchange for each day you give up a favorite food item. How it works - Kim really loves ice cream. And she's been eating a *lot* of it while sheltering in place. Kim posts her Give It Up fundraiser on her social media accounts, and her sister Jane donates \$10 in exchange for Kim not eating ice cream for a day. Kim's family, college roommates and other social media friends donate too. Kim raises \$500 (and looks forward to eating ice cream again at the end of May).
