LETTER FROM THE PRESIDENT

Dear TAPL Members,

Happy fall everyone! This weather has been amazing. Hope all of you have had some time to get outside and enjoy it.

Thank you to everyone that joined us on September 14th for our dinner meeting with guest speaker, Governor Kevin Stitt. We had nearly 100 members and several TU Energy Management students in attendance. That's pretty awesome when you consider the crazy year we're having. We are very grateful for your support. The Governor shared a lot of great information about our State and provided some insight into what he and his team are doing. Governor Stitt is an extremely busy guy and we are very grateful for his time. Thanks again to Hamel Reinmiller for making it happen! And thank you to Hamel, Rhonda Stacy and Andy Matson for your hard work on the Benefits Committee and awarding a few very deserving TU students with scholarships. Well done everyone.

I want to extend a HUGE thank you to our comprehensive sponsors for this TAPL year! You guys stepping up and sponsoring in the midst of the most difficult year many of us have ever encountered is amazing. Your generosity will benefit all of our members this year and allow us to still provide awesome events. Hats off to you all. We are very grateful. The TAPL board hopes that our awesome sponsors will enjoy some of the new perks of being a sponsor this year. Please take note of our generous sponsors in this newsletter. Over the next few months, a few of our comprehensive sponsors will have a ½ page to a full page of the newsletter to put the spotlight on their company and let members know more about the quality services they provide. Please check it out.

Our next event is the members only fall golf tournament at Tulsa Country Club on October 12th. Hope to see many of you there. There are still comprehensive sponsorship spots available. Kristina also has some great fall golf only sponsorships available if you're interested in supporting the tournament. Please contact Kristina Barnes for additional information in regards to comprehensive and fall golf sponsorship opportunities.

In this month's newsletter, the TAPL Board is happy to introduce two new, exciting features. First, one of our goal's this year was to try to help our fellow landmen who have found themselves unemployed. Please note the information in this newsletter in regards to TAPL Education Credits. For those that qualify, TAPL will waive up to \$150 towards our educational luncheons and/or the Spring Seminar. Continuing to be able to learn, get credits and network is an important aspect of what we do. We hope this will help our members during a rough time in the oil patch. Thank you to Rhonda Stacy for spearheading this effort! Please reach out to Rhonda at rhondalstacy@gmail.com with any requests or questions.

We're also excited about our new "Ask the Attorney" segment. Each month members can ask one of the attorneys at Charney Brown, LLC a legal question or two and we'll feature their answers in each month's newsletter. Thank you to Jacob Charney and Ben Brown for pulling this together! This will be a great addition to our newsletter and will benefit membership. Thank you, gentlemen! Please email ask@charneybrown.com with your questions.

We've re-confirmed our November 9th dinner speaker, Rick Muncrief. We're really excited to have the opportunity to host Rick at the Summit Club. We may tweak our sign up process to help ensure we have the right number of steak dinners for everyone. Please be sure to properly indicate if you plan to stay for dinner. Just helps us make sure we don't overestimate the number of dinners to have Summit prepare, which can impact the budget.

Thank you to everyone that has renewed your membership thus far! We really appreciate your support, especially during such a challenging time. The board is working hard to ensure our members get the most out of your membership. Hope to see you at our upcoming events!

Sincerely,

Michael D. Schooley, CPL
TAPL President

SEAM COMMITTEE UPDATE

ENDOWMENT UPDATE

TAPL Members,

After a very busy and extremely exciting start to the TAPL year, the SEA would like to give all members a brief update on the TAPL Scholarship Endowment Funds at the University of Tulsa and the University of Oklahoma, as well as some exciting new updates regarding this committee. As seen above, the Scholarship, Endowments, and Awards Committee (SEA) is now the Scholarship, Endowments, Awards, and Mentoring Committee (SEAM) after the TAPL Board recently approved the consolidation of SEA and the University of Tulsa Mentoring program. Andy Matson will be the Committee Chairman, while Dustin Cates will continue to lead the Mentoring program. SEAM is extremely excited about this consolidation and feel this will allow TAPL to have an even greater impact on our community's future land professionals and local Energy Management programs. If you are interested in becoming a mentor, please reach out to Dustin Cates at dcates@paladinlandgroup.com.

Next, the SEAM Committee would like to give all TAPL members an update on the current status of the Endowment Funds for the University of Oklahoma and University of Tulsa. With the challenging times the industry currently finds itself in, the SEAM Committee, alongside the TAPL board, have decided to cut back on fundraising efforts for the Endowment Funds. With that being said, the SEAM Committee is extremely appreciative of our chapter's generous and continuous giving and charitable nature throughout the years, including this past year. As of now, TAPL has raised **nearly \$248,025.00!** While this is still short of our original goal of \$280,000.00, this amount raised will still help TAPL provide scholarships to our community's future land professionals, while significantly lowering the burden on the TAPL Annual Budget for years to come. As mentioned above, none of this would be possible without our membership's generous contributions, especially over the past year.

With that being said, there are still ways to donate to the Endowment Funds. One such way is through the TAPL Century Club, which has been established in efforts to recognize and honor those loyal, longtime TAPL members. By way of exclusive induction, the Century Club is comprised of distinguished members and member companies that have gone above and beyond by making a \$100.00 donation to the Scholarship Endowment fund for every year they have been a member with the TAPL, or for those companies that give over \$10,000.00 to the Scholarship Endowment fund (5 year minimum for eligibility).

Example: 10 years of TAPL membership = 10 x \$100 = \$1000 for Century Club admittance

If you or your company would like to become a member of the TAPL Century Club or if you would like to donate to the Endowment Funds, please contact Andy Matson (andy.matson@yahoo.com) for more information.

SEAM COMMITTEE UPDATE (Continued)

Finally, the SEAM Committee and TAPL were able to recognize this year's scholarship recipients from the University of Tulsa at September's dinner meeting on September 14th. Oklahoma Governor Kevin Stitt was in attendance and was able to congratulate and recognize each scholarship recipient in front of the membership. The University of Oklahoma recipients were unable to attend the meeting due to the University's COVID restrictions, but certificates were mailed out so these recipients can be recognized as well. Once again, thanks to our organization's generous donating, SEAM and TAPL were able to give a total of **\$6,750** for this academic year to students in both the University of Tulsa and the University of Oklahoma Energy Management Programs. The SEAM Committee would once again like to take this opportunity to congratulate and recognize the following recipients of this year's TAPL Scholarship Awards:

University of Oklahoma

Sophia Sallee
Owen Baumgartner
Colin Edward Tucker
Samuel Perkins

University of Tulsa

George Enterline
Mathew Rhoads
Michael Carson
Justin Rutherford

Once again, congratulations to all the above recipients! Pictures can be found below of the University of Tulsa recipients being recognized at the September dinner meeting.

The SEAM Committee hopes all are doing well during these challenging times. We look forward to seeing everyone at the TAP Fall Shamble at Tulsa Country Club on Monday, October 12th!

ASK THE ATTORNEY

ASK THE ATTORNEY

BY JACOB CHARNEY

CHARNEY BROWN, LLC

Welcome to "Ask the Attorney." This new monthly segment will provide TAPL members an opportunity to get their energy related legal questions answered--without that hefty legal bill. Whether you have a unique title issue or just a general energy law question, this segment will provide you guidance. Each month I will select one submitted inquiry and provide an analysis.

QUESTION:

In Texas, is a non-payment of a shut-in royalty grounds for a lease cancellation? What effect, if any, do late or partial payments have on a Lessor's ability to cancel a lease?

ANSWER:

It is important to clarify upfront that as with most oil and gas lease issues, the specific lease provisions will guide a specific analysis. However, historically speaking, under Texas law a non-payment of a shut-in royalty can result in a lease termination. Texas requires actual production to satisfy the leases habendum clause, and the payment of shut-ins is a substitution for actual production. Thus, in Texas, a failure to make a proper and timely payment of shut-in's is equivalent to cessation of production, and the lease automatically terminates.

This is contrary to Oklahoma law which only requires the capability of production, and therefore payments of shut-ins are not needed to satisfy the habendum clause. As such, in Oklahoma, as long as there is a capability of production, the failure or improper payment of shut-ins would likely result in an award of damages, not a lease termination.

As to the question of what effect, if any, late or partial payments may have on the Lessor's ability to cancel a lease, Texas courts strictly construe shut-in royalty clauses, and therefore have consistently held that any improper payment is rigidly applied against the Lessee and results in automatic termination of the lease. Thus, barring any negligence or deception on the part of the Lessor, Texas Courts would treat any partial and/or late payment as a full breach.

This rigid enforcement of shut-in payment provisions requires Texas operators to be cautious but also proactive when using or modifying lease forms. Now more than ever, when drafting new leases, a Lessee should always try to protect itself by implementing language that clearly defines how and when a lease can be shut-in (i.e. lack of market or market decline), and the corresponding remedies for improper shut-in payment (i.e. written notice by Lessor, money damages only etc.).

Do you have a energy related legal question? Please submit it for next month's segment to ask@charneybrown.com

"The information contained in this segment is provided for informational purposes only, and should not be construed as legal advice on any subject matter."
