

Former International Secretary, Diana Dunningham Chapotin, visit to Ireland

“No one can resist Irish Theosophists! Their warmth, wit and charm cast a spell on visiting lecturers!” So declared our former International Secretary, Diana Dunningham Chapotin, after her most recent visit to Dublin as guest speaker of the All Ireland TS Convention. She gave a talk under the title, *Theosophy in Action: Transform Ourselves, Transform the Planet*, showing photos of Theosophists around the world who are committed to social action as spiritual practice, particularly through the Theosophical Order of Service. Lively participatory work followed. Before closing, a most generous sum was collected to help reach the matching grant target of US\$20,000 for the Golden Link College in the Philippines.
