**Need help on math homework?**
Feeling lost in math class?

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$

$f(x)$

$V = \pi r^2 h$

Algebra Center

is a SHHS service organization that offers free, in-person, one-on-one (or small group) peer tutoring every day after school, Monday-Friday 3:30 to 4pm in Rm 45 for students in:

Alg Fnds   **Geometry**   **Alg 2a**   **Alg 2H**
Alg 1   **Geometry H**   **Alg 2**   **Precal**

Students needing help just walk in; no sign-up necessary. Peer tutors are Sunny Hills students enrolled in higher level math courses (Precalculus or above). We are here because we know the struggle, yet fulfillment, in learning math concepts. Have any questions? Contact our advisor, Dr. Cheng (dcheng@fjuhsd.org), stop by Room 45, or visit our website https://shhsalgebracenter.weebly.com/
