FASD/IDD EDUCATIONAL SUPPORT GROUP

Real support. Practical tools. Community that understands.

For Guardians, Kinship Caregivers, & Parents (Adoptive, Bio, & Foster)

Parenting a child with FASD or Intellectual and Developmental Disabilities (IDD) comes with unique challenges and powerful strengths.

Join Foster Kinship's **FASD/IDD Educational Support Group.** A monthly, caregiver-centered space created for those parenting children impacted by Fetal Alcohol Spectrum Disorder (FASD) and/or Intellectual and Developmental Disabilities (IDD).

Facilitated by **Nani Leffall**, MS, CPC-I, EMDR-I (in training) and **Michelle Rupe**, Senior TBRI® Practitioner, this group offers compassionate guidance, practical tools, and real-time support, along with something just as important: **connection with caregivers who truly understand your journey.**

This is more than a support group; it's a place to learn, connect, and grow together!
