Contact Your Child's School/School Counselor if Your Child Failed a Class in High School or Failed a High School Class in Middle School

- Special laws in Nevada require that public and charter high schools maximize the credits and progress towards graduation for their students in foster care.
- Students in foster care and enrolled in High School credit classes in either High School or Middle School may receive full or partial credits for a specific course without having to meet the attendance/hours in the classroom requirements for the course by completing alternative work. School districts must adopt a partial credit policy to provide children in foster care the credit who meet the criteria.
- ***If your child received an F in a high school class but completed some work for it or attended the class even for part of the time, let your child's Education Decision Maker know your child got an F and together you can email your Child's School Foster Care Advocate and Child's Counselor to discuss if you child is able to receive partial credit for the class***
- School staff's email addresses are available through school websites or by calling the school asking the office staff
- ***If you have any issue with the above, contact CCSD's Foster Care Department for all CCSD Schools at 702-799-1196 and fostercaretransrequest@nv.ccsd.net or the Foster Care Liaison at your child's school. They can help the school with any directions or policies to follow on partial credit. Please also contact your child's caseworker and CAP Attorney to assist with this issue.***

If Your Child has an IEP, Find Out if Your Child has or needs Extended School Year (ESY) Services During the Summer

- If your child has an IEP and special education services, ESY is an IEP related service for children to continue to meet their IEP goals during times the summer. ESY is accessed through the child's IEP. There is a box checked on the IEP if the child is to receive ESY services.
- ESY will be offered for a month in the Summer 2025.
- ESY services are optional. You and Your Child's EDM may choose to send or not send their children to ESY. Attendance is not required at ESY but is encouraged if a child needs to maintain skills during a big school break. The IEP Team including the EDM will determine which goals should be worked on during ESY.
- ***EDMs of children who have ESY services in their IEPs should be receiving an email or text asking them to opt into ESY and sign up for transportation if needed***
