

Become an Advanced Foster Care Provider Today!

You Have What it Takes

As a foster parent, you have what it takes. You're patient. You've got a thick skin. You understand some of these kids are working through some challenging circumstances. You don't judge. You empathize. You don't break. You're flexible. You roll with the ups and downs to provide a stable, loving and nurturing environment.

You are exactly what they need. And you are exactly what we need as an **Advanced Foster Care (AFC) parent**.

What is Advanced Foster Care?

These specialized caregivers provide care for children who require additional services and attention. They need your commitment, your expertise and your unique parenting skills.

What are the Benefits of Being an AFC Parent?

As an AFC parent, you will receive:

- Weekly, in-home coaching that caters to *your* needs
- Access to clinical support and specialized resources
- Additional financial compensation
- Peer network support
- Specialized training

These resources are designed to support your specific needs as a specialized AFC parent.

Who are the Children in Need?

- Victims of trauma
- Between the ages 5 – 17
- A history of placement disruptions
- History of behavioral healthcare needs and services

And they need you to help guide them to overcome their challenges.
