

# Pandemic Electronic Benefits Transfer (P-EBT)

## Food Benefits for Families during COVID-19 School Closures

### What is P-EBT?

P-EBT is a new program that gives food benefits to children who lost access to free or reduced-price school meals because of COVID-19 school closures in March, April and May 2020. P-EBT benefits can be used to buy food at all stores that accept EBT.

### Will my child get P-EBT?

Children who would have received free or reduced-price meals through the National School Lunch Program (NSLP) and School Breakfast Program (SBP) in Nevada are eligible. This includes children who attend schools that offer free meals to all. **Benefits will be issued automatically. There is no application.**

### How much will my child receive?

Each eligible child will receive \$5.70 per day for each school day missed in March, April, and May 2020, as long as the child was enrolled and eligible for the NSLP.

- You can use other nutrition programs like summer meals, SNAP, and WIC, while using P-EBT. You can also continue to get school meals from your enrolled school.
- You cannot give your card to another person or household to use.
