

4/15/19 – 5/10/19 Apostles Parking Lot Closure: Details + Map

As part of the construction project going on across the street from Apostles, our main entrance will move further towards St. Albans drive. We realize this is quite an inconvenience, however this is the best scenario for all parties involved in the road work that will be taking place.

- **Church at North Hills Street will close on 04/15/19.** You will be able to enter the church property via North Hills, through the parking deck. On Sundays, you will additionally be able to use the lower lot/St. Albans entrance. ****SEE MAP; NEXT PAGE****
- **A good portion of our parking lot will be closed at the main sanctuary entrance.** This area will be closed Monday – Saturday but **we will be able to drive through on Sundays.**
- **BE SURE TO ALLOW YOURSELF PLENTY OF TIME FOR DETOURS AND PARKING.**
- **WEEKDAY PARKING** ~ Parking during the week will be at the second-floor entrance and the parking deck adjacent to our property.
- **SUNDAY PARKING** ~ We are asking that as many of you as possible to park in the parking deck on Sundays, especially since we will be without our marked visitor parking spaces and few accessible parking spaces. Lower and upper lot parking will be open per usual.
- **ACCESSIBLE PARKING** ~ The closure on our property will eliminate visitor and accessible parking temporarily. The only accessible spaces will be near the second-floor entrance.
- **ROAD CLOSURE** ~ Church at North Hills Street will remain closed (until June) after our parking lot work is complete.

We appreciate your patience during this time! If you have any questions or concerns regarding the closures and construction on our property, please contact Lee Hilts **{lee@apostles-raleigh.org}** or Laura Witter **{laura@apostles-raleigh.org}**.

Church of the Apostles Parking Lot Construction 04/15/19—5/10/19
