

How to Opt-in for WAITLIST MESSAGES & MOBILE REGISTRATION

YOUR ATTENTION PLEASE

If you receive TEXT MESSAGES from Saddleback College on your mobile device, you already opted in when you registered online, so you can skip this step!
(If you still want to check, see below.)

If you DON'T receive text messages on your mobile device, here's how to opt in.

- 1) Log into **MySite** at www.saddleback.edu with your Student ID Number and PIN.
- 2) Click **My Information** at the top.
- 3) Click **Update Profile** in the drop-down menu.
- 4) Scroll down to **Mobile Phone**.
 - If the screen indicates you've already allowed Critical Messages, you will receive WAITLIST notifications on your mobile device.
 - If the screen indicates you haven't allowed Critical Messages, you need to click that option.
- 5) Click UPDATE at the bottom to lock in your change.
