

Searching for our Saints

To better understand “Walking the Way of Love”, God’s presence in our parish and community, please help us to recognize those whose lives have taught us this message. They may be living or deceased, and of any, or no, faith community. We are not only depending on your understanding, but asking you to talk to neighbors, friends, and acquaintances. Invite them to share who *they* see in this community expressing the ideals of love, justice, healing, and mercy.

Please use this form or give the office a call. Send us individuals’ names before October 25, so we can celebrate them on All Saints Day November 1. Please include a few sentences, if you will, on why you identified this person and, also, include your name and email address, so we can learn more about them. We will of course contact these individuals prior to identifying them publicly.

Your Name _____ Your Email _____

Saint’s Name: _____

How this person is walking or has walked the Way of Love

Your Name and Email address: _____

Thank you for participating in this walk. While we know we will overlook many, we want to start this conversation. We are excited to hear the “Good News” of how God is and has been present in this community.
