

Storytelling at St. Mark's

www.stmarksabq.org

This spring's storytelling workshops at Saint Marks will continue to focus on learning, crafting and telling sacred stories. We will be adding longer workshops and the opportunities to tell stories in larger parish settings. **All are welcome at all our workshops and events.** If you are interested in story but not in telling stories, please join us -- listeners play a vital role in storytelling!

Harriet Cole is an almost-native New Mexican who has returned home after nearly thirty years in the Phoenix area. During her time in Arizona she discovered the power and value of oral storytelling. She spent ten years teaching storytelling classes at the Community College level as well as presenting workshops and performing in venues ranging from the Musical Instrument Museum to the Gila Bend Shrimp Festival.
