

In order to bring all congregation-elected committees into accord regarding approval of charters, the Board recommends the following changes to our current Bylaws:

Article VI Sections 1 & 2 (Program Council)

Replace "Board-approved Program Council Charter" with "Congregation-approved Program Council Charter"

Article VII Section 4 subsection a (Church Groups/Elected Committees/Leadership Development Committee)

Add: "Any other duties will be described in a Congregation-approved Leadership Development Committee Charter."

- after the following line: "In addition to providing nominees, the Leadership Development Committee will provide a training and development plan for each nominee, identifying resources and time frames consistent with the responsibilities of the position the nominee will be assuming...."
