

PLANNING FOR SUCCESS PREPARING NOW FOR THE FUTURE A SERIES OF INFORMATION NIGHTS

May 4, 11, 18, & 25, 2022

6:30PM—8:00PM

Join Us Online using Zoom Video Conferencing

Each week, we will focus on a different topic that has proven to be important to people and families in Windsor-Essex.

Are you or your loved one in high school and looking toward adulthood?

This is an ideal opportunity for students, parents, families, caregivers, educators, friends, and others to gather virtually and learn who in Windsor-Essex assists young people living with developmental or related disabilities, as they are about to finish high school. Please join in and learn more about transition planning!

- *What are your dreams for the future?*
- *What career path do you wish to follow?*
- *What recreational activities do you wish to take part in?*
- *What funding supports are available?*

Grassroots groups, local organizations and government funded adult services have been invited to share information about themselves and how they can help with the transition to adulthood.

Join us online for as many of our sessions as you'd like! Explore resources in our community. Topics include: Employment Support Relations, Continuing Education, Volunteer Opportunities, Income/ODSP, Independent Facilitation and Planning, and Community Support Organizations.

There will be a dedicated time at the end of each session for questions and answers for our presenters throughout the series. You will be able to select which topics are of interest to you, and please, let us know if we have missed anything important to you!

What's on the Agenda?

Presentations: 6:30 - 7:30PM

Presentations during each series will focus on the 'hot' topics families seek the most information about!
