

MARCH 2025

A Quick and Easy Legacy Option?

READ TIME: 1 MINUTE

If you would like to include a gift for Trinidad State College Foundation in your estate plans, but would prefer not to visit an attorney, incur legal fees or update multiple documents, there might be another option. A Beneficiary Designation.

People choose beneficiaries for their IRAs, life insurance policies, and company retirement plans. Should you choose, you can also name Trinidad State as one of your beneficiaries.

The process is simple. You only need to obtain a Beneficiary Change form from your IRA custodian, life insurance provider or HR Department. Typically, it’s a simple one-page document and it’s often available online. Indicate the percentage you would like to share with Trinidad State College Foundation and others, submit the form, and your gift will be in place. It’s an easy process.

Trinidad State is celebrating its 100th anniversary in 2025. Adding your voice in legacy can be an excellent way to honor this rich history. Please join others in becoming a member of our Society of 1925.

For more information, please contact Toni DeAngelis at toni.deangelis@trinidadstate.edu or 719-846-5520. There is never any expectation or obligation to complete a gift.
